

AUSTRALIA'S MOST COLLECTED WINES 2009

1. **Penfolds Grange** BIN 95 BOTTLE No. VINTAGE. Grange is recognised as Australia's and indeed one of the world's finest red wines. This great wine, developed by Max Schubert commencing with the 1951 vintage, is made from low yielding Shiraz vines grown at selected vineyards in South Australia and matured in new American oak hogsheads prior to bottling. During an extensive tour of Europe in 1950, Max Schubert studied winemaking practices that have now become an integral part of Penfolds' winemaking technique. He also observed the practice of maturing wine in new oak barrels, a method previously untried in Australia. The development of Grange represented the beginning of a new era in Australia's red winemaking tradition. This knowledge, combined with Max Schubert's foresight, skill and dedication, has resulted in Grange, the definitive Australian dry red table wine, acknowledged to be among the world's classic wine styles. FOR COLLECTORS OF FINE WINE

Established in 1999, Wine Ark is Australia's largest and most recommended wine-storage provider. With well over two million bottles of wine held in their climate-controlled cellars, no one else can offer more experience when it comes to recommending, sourcing and storing collectable wine. In June 2009, a stocktake of every private wine collection in Wine Ark's managed cellars was completed. The objective of the study was to determine which Australian wines, out of the thousands of different labels made in each year, are considered the most cellar-worthy. The labels shown here are Australia's 50 Most Collected Wines for 2009. For a full breakdown of the results, please visit www.wine-ark.com.au.
